CC Docket No. 02-33

May 24, 2017

Northeast Nebraska Telephone Company ("Company") hereby provides notice that it intends to cease offering wireline broadband Internet access service on a tariffed basis under NECA Tariff No. 5. Effective July 1, 2017, the Company will begin offering wireline broadband Internet access service on a Title II, common carriage, permissive detariffed basis pursuant to paragraph 94 of the Federal Communications Commission's Wireline Broadband Order.¹ The geographic areas affected by the change are the Company's exchanges where DSL is technically feasible.

Today, this service is provided to CenCom, Inc. The ISP purchases wireline broadband access service for use as a component in its broadband Internet service sold to residential and business customers. End user service provided will not be affected by discontinuance of the tariffed offering by the Company. As stated in the attached customer notice, the Company will continue to offer services to the existing ISP customers under current rates, terms and conditions until at least the end of the customer's present service arrangement.

Effective July 1, 2017, the Company will make its wireline broadband Internet access service available on a permissive detariffed, common carriage basis through posting of rates, terms and conditions available on our website (www.nntc.net) and in printed copy during normal business hours at the Company's business office located at 110 East Elk Street in Jackson, Nebraska, 68743.

¹ See *Appropriate Framework for Broadband Access to the Internet Over Wireline Facilities, Universal Service Obligations of Broadband Providers*, CC Docket No. 02-33, WC Docket No. 05-271, Report and Order and Notice of Proposed Rulemaking, 20 FCC Rcd 14853 (2005), FCC 05-150 (Rel. September 23, 2005), (Wireline Broadband Order).
